

The first week of October 2011 brought together a dynamic group of women business owners with the world-class faculty of Dartmouth's Tuck School of Business and IBM, one of *America's Top Corporations for WBEs*. In its ninth year, the one-week program continues to demonstrate tremendous impact on WBEs and their strategic growth.

Held at the IBM Palisades conference facility in Palisades, NY, IBM hosted the program and brought key staff from procurement, supplier diversity and marketing to network with the group throughout the week. WBENC extends a special thank you to IBM for their continued support of their program and providing stellar corporate representation: Fran O'Sullivan, Linda Cantwell, Michael Robinson, Sherry Robison and Denise Evans.
